

# Tissue Paper Butterfly

## Step 1 - Collect your materials

Collect materials

- ❖ Tissue paper or coffee filter (works best!)
- ❖ Markers
- ❖ Spray bottle
- ❖ Clothes pin or pipe cleaner

## Step 2 - color a design on your tissue paper

Step 3 - Spray lightly with water and allow to dry. \*Place it on something you don't mind colors bleeding onto and in a spot you can leave it until it is dry.

Step 4 - Bunch the tissue paper up in the center and place the clothes pin. If you are using a pipe cleaner, twist it around to make a body.
